Motorcycle Accident Produces Minor Injuries for Bishop Keith and Pastor Deborah Butler

Dallas, TX—On Tuesday, August 5, 2014, while enjoying a casual ride on their motorcycle, Bishop Keith and Pastor Deborah's motorcycle flipped over causing them to fall from the bike. They were taken to a local hospital for treatment. Pastor Deborah was released that evening; Bishop Butler was released the next day.

Although they were scratched, bruised and sustained minor injuries, both are recovering at home. Bishop Butler conducted his regular staff meetings on Thursday and directed his ministry team and administrative staff as usual. Both Bishop and Pastor Deborah are okay. They would like to thank you for your continued prayers and support.
